3 CONGRESSMEN IN CHICAGO RUM PLOT

State Legislators and Federal Officials Also Are Involved.

EVIDENCE IS COMPLETED

Millions Graft Shown in Greatest Expose Since Prohibition Came.

Special Despatch to THE NEW YORN HERALD.
Chicago, May 18.—Liquor graft and corruption involving millions of dollars and a rum running plot linking the names of three Representatives in Congress, Government officials, State legislators and policemen are to be hauled into the light of day in the greatest scandal revealed in Chicago since the advent of prohibition.
Col. A. C. Earnshaw, directing the intelligence section of the prohibition en-

telligence section of the prohibition en-forcement officers, brought to a close to-day an investigation he has conducted here for two months and made ready to turn over his evidence to the Federal

As the investigation ended six more prohibition enforcement agents were added to the list of seventy discharged

At the same time Federal Prohibition Director Raiph W. Stone, already releved of his most important task, announced he would leave the Government service and retire to private practice within two weeks.

It was said there was no one man in Chicago who might be called the booze king. It was grimly added that there were enough booze princes, dukes and barons to make up for the absence of a bing. The names of the three Representa-tives could not be revealed at this time,

N. J. Rum Sellers Pinched, Tried and Jailed in Hour

ONE hour after they were arrested yesterday on a charge of violating New Jersey's pro-hibition enforcement law, Joseph Abel, a Jersey City salconkeep-er, and Emil Dornberg, his bar-tender, had been tried and con-victed and were on their way to victed, and were on their way to the county penitentiary at Laurel Hill. Their case established a record in the Hudson county

The prisoners were before Judge James W. McCarthy in the Court of Common Pleas on a charge of selling liquor. Abel was sentenced to three months and fined \$250; Dornberg the jail sentence alone. Detectives testified they found a dozen men lined up before Abel's bar, drinking whiskey.

KRAMER LIFTS LID 40 DAYS; NO FUNDS

Prohibition Enforcement Curtailed by Dropping Two-Thirds of Force.

Special Despatch to THE NEW YORK HERALD. New York Herald Bureau. Washington, D. C., May 18. Prohibition enforcement by Federa

agents practically will cease for a forty day period beginning May 20. Orders have been sent out by Prohibition Commissioner Kramer ordering the fur loughs of two-thirds, or nearly 700, of the thousand or more agents and inspectors engaged in enforcement work.

Action was taken because the annual appropriation of the prohibition office of \$4,500,000 and the additional deficiency

\$4,500,000 and the additional deficiency appropriation of \$1,400,000 have both been exhausted and additional money is not available.

The only relief that can be given lies in Congress, which must, if anything is done, appropriate a new deficiency sum on its own initiative without an estimate or request from the Treasury. Drys in the House may undertake to insert an appropriation in the second deficiency bill, which comes up before that body tomorrow.

morrow.

Prohibition enforcement officials say the situation so far as enforcement work is concerned is grave. They fear a reign of bootlegging, but declare the greatest calamity will result from probable permanent loss of their trained and best men on enforcement work.

It sults in New York city, it is said, will not be as disastrous as elsewhere for the reason that practically all agents and inspectors were withdrawn.

Why This Opportunity Is Offered

Our great readjustment sale last Autumn anticipated the radical reductions along all lines that have followed. In consequence we are, and for several months have been, on a reconstructed price

We realize, however, that unusual values must still be presented in order to appeal to the widespread spirit of economy.

We decided to create such an opportunity, by reducing our discontinued fabrics and patterns, and such seasonable goods, which, if not seasonable mow, would remain in stock for some time, to prices which would make certain their sale by June 30th.

Our further desire was to bring our establishment, its resources, and the attractive prices of our merchandise to the attention of those who, for some reason, may not have visited us before.

Oriental Rugs

If we were to be guided only by the conditions prevailing at this time in the rug weaving countries of the East, we would be justified in advancing rather than reducing the prices of this merchandise. While it is true that mediocre rugs, the dregs of the market, collected and brought here because of the war-time scarcity, can be purchased now at lower prices than previously, the conditions as to fine examples are even more chaotic than during the war disturbance. Careful, supervised manufacture by the skilled weaver is practically nil, and as it requires from eight to eighteen months to make and transport a room size rug to this market, it requires no great knowledge of the business to realize that prices must remain stable for some time to come.

We list below but a few of the rugs now offered, including:

UPHOLSTERY AND DRAPERY FABRICS

Hand Blocked Printed Linens and Cretonnes

The use of these durable and very decorative fabrics is finding increasing favor with those who have the problem of home decoration to solve. The growing importance of the Chintz in decorative use, with its many useful purposes, has brought about an evolution in styles, and the old idea that almost any design, no matter how blatant and inartistic, was good enough, no longer holds sway.

Today it is possible to secure designs and color effects inspired by the best of the early English and French handmade fabrics, made with an attention to detail and a skill which gives to the fabrics much of the charm of the original from which it received its inspiration.

Among those offered in this sale, for instance, will be found designs copied from a piece of old needlework in Haddon Hall; copies of the famous Webb crewel work of the Jacobean period; the needle work panels of the 17th and 18th Centuries. All these are outstanding examples of the wonderful and artistic effects now obtainable in these comparatively moderate priced fabrics.

Made on pre-war linen, dyed in the most permanent manner, these sturdy fabrics serve, not alone the requirements of the country home, but are an artistic embellishment to the finest of city dwellings. We offer some 10,960 yards of these desirable fabrics at prices 50% lower than prevailed last

Important parts cast in one piece in aluminum Powerful horizontal motor of Universal type. Weight 12 pounds. COMPLETE WITH 8 ATTACHMENTS for \$48.00

We desire to emphasize but three points in our claim for the Sloane Vacuum Cleaner, these three being the vital points of interest to the purchaser.

1—No other sweeper of similar type is any more power-self-state of the cleaner, and is included in the price—not sold reparately at an additional cost.

3—That, while cleaners of similar type are generally sold at much higher prices, no more service or more satisfied.

1—No other sweeper of similar type is any more powerful in suction—any lighter in weight, stronger in construction, or more simple in operation. 2-That the full set of attachments, without which no

factory results can be obtained from them.

We shall be pleased to demonstrate the Sloane Improved Vacuum Cleaner to all who may be interested.

49.000 Yards Carpetings of Dependable Qualities

Changes in manufacturers' plans have resulted in the discontinuance of certain fabrics, not because of any criticism of quality or lack of public appreciation, but on account of the desire to concentrate on fewer qualities to increase production. These, in addition to many discontinued patterns of current fabrics, are offered now for immediate sale at startling reductions in price.
